

Harshani Yaparathne

Software Engineer Internship

✉ harshanidyaparathne@gmail.com ☎ +94 77 085 6542 📍 Colombo, Sri Lanka

🌐 Harshani Yaparathne 🔄 Harshani Yaparathne 🔗 Portfolio

👤 PROFILE

I am a hardworking and self-motivated Software Engineer, deeply technical and analytically oriented, able to solve complex problems related to software development. I'm enthusiastic about bringing scalable, high-performance solutions, flourishing within collaborative team settings, and enthusiastically contributing to the success of projects at hand through innovation. Committed to continuous learning, I try to stay updated with the latest in technologies while using proactive problem-solving methodologies to realize results with impact.

🎓 EDUCATION

B.Sc (Hons) in Computing & Information Systems 2022 – present
Sabaragamuwa University of Sri Lanka

GCE A/L Examination in Physical Science Streams 2020
Mahamaya Girls' College, Kandy

📁 PROJECTS

Official Website of the Society of Computer Sciences-SUSL (Group - Web) 🔗 2025

Technologies Used : Next.js , Bootstrap , MySQL

My Responsibilities: Front-End developer

Website serves as a central platform for disseminating information, facilitating communication among members and promoting the society's activities.

Rajarata Pawning Centre (Group - Web) 🔗 present

Technologies Used : Laravel , Bootstrap , MySQL

My Responsibilities: Front-End developer

Developing a project for Rajarata Pawning Centre that includes a user-friendly UI and a robust database system. This system will streamline operations, manage customer data, and support efficient transactions. Designed for simplicity and functionality.

Real-Time Audiobook (Group - Mobile) 🔗 2024

Technologies Used : Flutter , Firebase , Photoshop

My Responsibilities: Front-End developer

Developed a mobile app for personalized audiobooks supporting Sinhala, Tamil, and English languages. Enabled features like voice customization, summaries, and seamless community interaction.

AGRIZONE (Group - Mobile) 🔗 2024

Technologies Used : Flutter , Ballerina , MySQL

My Responsibilities: Front-End developer

Agrizone app connects farmers and consumers directly, eliminating middlemen to ensure fair prices and increased profits for farmers while enhancing market access and sustainability.

CAFE ZERO (Individual - Web) 🔗 2022

Technologies Used : HTML , CSS

My Responsibilities: Front-End developer

Created the Cafe Zero website using HTML and CSS, focusing on responsive design, custom styling, and performance optimization. This project showcased my front-end development skills in building user-friendly and visually appealing websites.

TECHNICAL SKILLS

Programming Languages:

C , JavaScript , Java , TypeScript , PHP , Dart , HTML , CSS

Frameworks :

Next.js , React.js , Tailwind CSS , Bootstrap , Flutter

Database Management:

MySQL , MongoDB

Technologies & Tools:

Firebase , GitHub , Figma , Trello , Photoshop , Canva

SOFT SKILLS

- Team Collaboration
- Quick Learner
- Time Management
- Leadership
- Effective Communication
- Problem Solving

ACHIEVEMENTS

Finalist

BITCODE V 4.0 2023

Top 10 Finalist

IEEE Innovation Nation Sri Lanka Sabaragamuwa Province Idea Stage

EXTRA CURRICULAR ACTIVITIES

Active member

Society of Computer Science (SOCS)

Sabaragamuwa University of Sri Lanka

present

Volunteer

IEEE WIE Student Branch Affinity Group

Sabaragamuwa University of Sri Lanka

present

Volunteer

Program Team | LetMe Hack 3.0

Sabaragamuwa University of Sri Lanka

present
