🔗 Portfolio

👤 PROFILE

I am a hardworking and self-motivated Software Engineer, deeply technical and analytically oriented, able to solve complex problems related to software development. I'm enthusiastic about bringing scalable, high-performance solutions, flourishing within collaborative team settings, and enthusiastically contributing to the success of projects at hand through innovation. Committed to continuous learning, I try to stay updated with the latest in technologies while using proactive problem-solving methodologies to realize results with impact.

🎓 EDUCATION

B.Sc (Hons) in Computing & Information Systems

2022 – present

Sabaragamuwa University of Sri Lanka

GCE A/L Examination in Physical Science Streams

2020

Mahamaya Girls' College, Kandy

📁 PROJECTS

Official Website of the Society of Computer Sciences-SUSL 🔗

present

Group Project-Web

NextJS , Next.js API Routes , Bootstrap , MySQL

My Responsibilities: Front-End developer

Website serves as a central platform for disseminating information, facilitating communication among members and promoting the society's activities.

Rajarata Pawning Centre 🔗

present

Group Project-Web

Laravel , Bootstrap , MySQL

My Responsibilities: Front-End developer

Developing a project for Rajarata Pawning Centre that includes a user-friendly UI and a robust database system. This system will streamline operations, manage customer data, and support efficient transactions. Designed for simplicity and functionality.

Real-Time Audiobook 🔗

2024

Group Project-Mobile

Flutter , Firebase , Photoshop

My Responsibilities: Front-End developer

Developed a mobile and web app for personalized audiobooks, enabling users to generate, listen, and manage stories in multiple languages with features like voice customization and community interaction. Supports Sinhala, Tamil, and English with easy resumption and summaries.

AGRIZONE 🔗

2024

Group Project-Mobile

Flutter , Ballerina , MySQL

My Responsibilities: Front-End developer

Our app connects farmers and consumers directly, eliminating middlemen to ensure fair prices and increased profits for farmers while enhancing market access and sustainability.

Individual Project-Web

HTML , CSS

My Responsibilities: Front-End developer

Created the Cafe Zero website using HTML and CSS, focusing on responsive design, custom styling, and performance optimization. This project showcased my front-end development skills in building user-friendly and visually appealing websites.

TECHNICAL SKILLS

Programming Languages:

C , JavaScript , Java , TypeScript , PHP , Dart , HTML , CSS

Frameworks :

Next.js , ReactJS , Tailwind CSS , Bootstrap , Flutter

Database Management:

MySQL , MongoDB , SQL

Technologies & Tools:

Canva , Firebase , Figma , Trello , Github , Photoshop

SOFT SKILLS

- | | |
|-----------------|------------------------|
| • Team work | • Communication Skills |
| • Leadership | • Time Management |
| • Quick Learner | • Critical Thinking |

INTERESTS

Software Development | Volunteer Work | Traveling | Drawing | Hiking | Swimming

VOLUNTEERING

Active member

present

Society of Computer Science (SOCS)

Sabaragamuwa University of Sri Lanka

Volunteer

present

IEEE WIE Student Branch Affinity Group

Sabaragamuwa University of Sri Lanka

Volunteer

present

Program Team | LetMe Hack 3.0

Sabaragamuwa University of Sri Lanka
